## Dinamica is an ecological suede

Dinamica® is an ecological microfibre. Its production process is similar to that used for paper recycling, in which no harmful chemical substances are used.

The recycled polyester contained in Dinamica® derives from polyester fibres (T-shirts, fabrics, fibres) and PET (bottles, plastic, etc.).

Recycling polyester means reducing energy consumption and CO<sub>2</sub> emissions into the atmosphere by 80% compared to the traditional petrol-based polyester production process. Under the microscope, Dinamica® is composed of three layers: face, inner scrim and backing.

The EPD® certification, the most advanced Environmental Product Declaration for products in accordance with ISO 14025 standards, is the ultimate step in the commitment to the environment.

Dinamica® for upholstery is certified according to the Oeko-Tex® Standard 100 class 1.

EPD PROCESS

The first EPD® Process certified for non-woven fabrics.

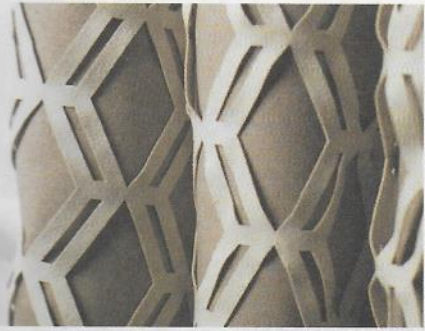

Registration nr. S-P-00351

RECYCLED PET MICROFIBRE  
NATURAL CHOICE

Since the year 2010, it has adopted an approach towards Life Cycle Thinking and credible communication of its products against greenwashing.

NL

Dinamica Classica is een exclusieve en tijdloze microvezel stof, verkrijgbaar in 111 kleuren van basis-kleuren tot de meest modieuze tinten.

Dinamica Classica is ecologisch ontwikkeld volgens een revolutionaire en nieuwe techniek en heeft alle voordelen van moderne technologie.

Dinamica ademt, kreukelt nauwelijks en kan gewassen worden op 60 graden.

Dinamica wordt gegarandeerd voor 5 jaar tegen veroudering, fabrieksfouten, lichtechtheid en pilling bij normaal gebruik.

EN

Dinamica Classica is an exclusive and timeless micro-fiber fabric, available in 111 colors from basic colors to the most fashionable shades.

Dinamica Classica is ecologically developed according to a new and revolutionary technique and has all the advantages of modern technology.

Dinamica breaths, doesn't wrinkle and can be washed on 60 degrees Celsius.

Dinamica is guaranteed for 5 years against aging, manufacturing defects, light fastness and pilling during normal use.

## CHARACTERISTICS

Composition:	88% Polyester / 12% Polyurethane
Weight:	265 gr / m <sup>2</sup>
Thickness:	0,90 mm
Roll Width:	140 cm
Roll Length:	45 meter
Abrasion resistance:	>50.000 cycles (Martindale) / end point 116.000 ISO12947-1-2-3-4
Light fastness:	Blue Scale >5 ISO 105 B02
Colour fastness to rubbing:	Grey Scale dry 4 wet 4 ISO 105-X12
Colour fastness to water:	Grey Scale 5 4 ISO 105-D01
Flamability testing:	Callifornia Bull. 117 Sec. E. / BS5852 P.1 source 0
