Mango collection uses specially blended yarns that make it easy to get rid of stains and spills, using a simple damp cloth. To protect the environment and promote sustainability, the production of the **Mango** range does not contain any PFC chemicals, nor does it use water to grow the fibres or to dye the fabrics. The soft touch fabrics are strong and durable thanks to the latest technologies.

All these fabrics pass the BS5852 Part 1 ignition source 0 (cigarette) and ignition source 1 (match) test to comply with the furniture and furnishings (fire safety) regulations (July 1988).

Crib 5 available on request

IMO available on request

Dirt and water resistant finish

Anti-microbial treatment available on request

Martindale Abrasion 45,000+ rubs

Composition 100% Olefin

Weight 390gm/m²

Width 138cm

Roll length 40m

Cleaning Instructions

To minimise the effects of creasing, we recommend you turn cushions regularly and use a good quality foam interior.

Vacuum regularly to remove surface dust and fluff etc.

A foam cleaner may be used for stains and applied with a large pored sponge or special applicator following the manufacturers instructions.

Do not use a coarse or stiff bristle brush and avoid saturating the fabric with cleaning fluid or water as this could cause discoloration

Do not use a coarse or stiff bristle brush and avoid saturating the fabric with cleaning fluid or water as this could cause discoloration
